

Minutes supplement to Minutes of the meeting of 11 11 10.

This is to confirm that the Foyers Car Park project was given the go ahead following the Trust meeting of 24 8 10. The minute of the meeting had recorded that a decision on this application should be deferred to the next meeting (item 6). However, following discussion and confirmation with directors prior to this meeting the project was approved before it took place.

The project was therefore given the go ahead prior to the meeting of 24 8 10 and has now been completed and a bill submitted for payment.

A. Sutherland (Secretary)
